About Alerte Equine Science Limited

Alerte Equine Science is an Artificial Intelligence (AI) business that seeks to promote equine welfare through injury risk prediction through advanced AI applications. As an associated company of the Alerte Group, Equine Science leverages existing capabilities, infrastructure and AI expertise within the Alerte Group across multiple industry verticals.

Our objective is to promote equine welfare and to provide meaningful, positive outcomes for trainers, better health outcomes for owners and better racing for racegoers.
